DENOUNCE DISCHARGE

North Carolina Negro Baptists Are
Much Displeased.

ESTRANGES NUMBERS

Adopted Resolutions Declare That
Concerted Action Must Prevail
to Have the Dismissed Soldiers Reinstated.

Salisbury, N. C., Nov. 16.—At a meeting of the Negro Baptist Association of North Carolina resolutions denouncing President Roosevelt for discharging three companies of the Twenty-fifth infantry, negroes, were adopted. The body represents a constituency of 160,000. The resolutions "strenuously protest against the unprecedented and arbitrary action of President Roosevelt in punishing the innocent and guilty alike."

"No one for a moment believes that these companies would have been dishonorably discharged if they had been composed of white soldiers. If extreme measures had been necessary this present time of tension between the races and of fear, forebodings, uncertainty, unrest and heartaches on the part of the colored people was the most unpropitious that could have possibly been made. The chief executive of a great nation has estranged 10,000,000 of his hitherto ardent admirers and supporters, and it is the voice of the convention that a committee be appointed to confer with similar committees throughout the United States to take steps necessary to have the action of the president reviewed by the highest tribunal of the land."

Requested to Rescind.

New York, Nov. 16.—By a unanimous vote the Republican club, at its regular monthly meeting, decided to ask President Roosevelt to rescind his order discharging dishonorably the battalion of a negro regiment.

SHORTAGE ADMITTED.

Memphis Man Says He Is Seventy
Thousand Dollars Behind.

Memphis, Nov. 16.—After several weeks of surveillance J. E. Hutchinson, second vice president of the Delta Cotton company, has admitted to the members of the firm, the police authorities and friends that he is approximately \$70,000 short in his accounts. Mr. Hutchinson, on the night of Nov. 2, attempted to commit suicide by cutting his throat with a razor, but has fully recovered. The shortage is said to cover a period of ten years. It is alleged that he is involved to a considerable extent in the failure of the People's Realty company, of which his brother-in-law was chief promoter and chief stockholder.

BALLINGER, BIXBY, BEALL.

Former Files Charges Before Committee Against the Other Two.

Muskogee, Nov. 16.—Webster Ballinger, a Washington newspaper correspondent, filed charges before the senatorial committee against Tams Bixby, and also W. O. Beall, chief clerk of the Dawes commission. Ballinger alleged that these officers were deliberately responsible for the wrongful enrollment as negro freedmen of about 2,000 persons of mixed negro and Indian blood in the Choctaw and Chickasaw nations. Both Bixby and Beall deny all accusations.

VOTING STRENGTH.

Indian Territory Led Oklahoma by a
Considerable Margin.

Muskogee, Nov. 16.—The first accurate estimate of the voting strength of the two territories is just disclosed by late returns from the recent election in Oklahoma and Indian Territory for delegates to the constitutional convention which is to frame a constitution for the new state of Oklahoma. The estimate places the vote of Indian Territory at 101,000 against 94,690 for Oklahoma. The census of 1900 gave Indian Territory a population of 392,000 and Oklahoma 336,000.

CRITICALLY ILL.

Bishop Tigert Is in Serious Condition
From Tonsillitis.

Tulsa, I. T., Nov. 16.—Bishop John J. Tigert of the Methodist Episcopal church, South, whose home is at Louisville, Ky., is dangerously ill here with tonsillitis, and his family has been summoned. The bishop came here to preside over a conference, but was unable to officiate.

Guilty of Rebating.

New York, Nov. 16.—The New York Central railroad was found guilty of rebating by the jury in Judge Holt's court. The road was found guilty of granting rebates amounting to \$26,000 to the American Sugar Refining company.

HAPPENS IN SALOON

Masked Men Attempt to Hold Up
Occupants, but One Loses Life,
as Did Party Who Slew
Dead Interloper.

San Francisco, Nov. 16.—Two men dead, two others dying and another seriously injured was the result of a pistol fight in the attempted hold-up of a saloon by two masked robbers.

Two men, with handkerchiefs over their faces and revolvers in their hands, entered the saloon of John O'Connell, at Sixth and Brannan streets. All the inmates complied with the order to hold up their hands given by the masked men except George O'Connell, a retired and pensioned police officer, who drew a revolver and commenced shooting at the robbers near the Sixth street entrance. Seeing a gun flash in O'Connell's hands the two robbers began firing at the policeman and patrons of the saloon at almost the same moment. When the smoke of battle cleared away four men were lying on the floor, two of them dying and two seriously injured. O'Connell had two bullets in his chest. Stephen Lynch was twice shot in the abdomen. Louis Delatour had a jaw torn away by a bullet and Michael Kennedy was shot in an ear. At the Sixth street door a trail of blood led across the street to the sidewalk opposite the saloon, where was found one of the robbers with his mask still on, dead, with two bullets fired by O'Connell in his chest. The second robber escaped. The dead man was identified as Frank Burke, an ex-convict. O'Connell died soon after being taken to the central emergency hospital, where it is said that Lynch and Delatour, laborers, shot by the robbers, cannot recover.

John Byrne was arrested. He answers the description of the second man engaged in the hold up. A revolver with two empty cartridges that had been recently fired was found under his bed.

TO LIMITED DEGREE.

American Society of Equity Affiliates
With American Federation.

Minneapolis, Nov. 16.—Embodying membership of over 1,000,000, claiming to represent more than one-seventh of the entire population of the country, the American Society of Equity, the recently formed National Farmers' Union, became affiliated in a limited degree with the American Federation of Labor, now in convention here. Practically the entire afternoon session was devoted to the preparation of affiliating with the Society of Equity. Committees recommended a plan whereby the members of the federation and its affiliated bodies agree to demand union farm, garden and orchard produce, while the farmers specifically agree to purchase nothing but union made goods.

The chief objection made to the proposed affiliation with the American Society of Equity was that heretofore "farmers' organizations" have turned out to be beneficial principally to the silk stocking element, and not to common laborers, and that in numerous cases young farmers have rushed into the cities during the times of industrial conflict and acted as strike breakers. The proposition was finally accepted by a decisive vote.

FOLLOWS FRIEND.

Sudden Death of James Hodge Causes
Demise of Another Attorney.

Hopkinsville, Ky., Nov. 16.—Hon. James Hodge, a prominent lawyer of Smithland, Ky., returned to his home at that place apparently in good health. At the steamboat landing he fell and died almost immediately. When Lawyer Bush, who for years practiced law at the same bar, heard of Mr. Hodge's death, he was deeply affected. Soon after going home from his office he also dropped in an unconscious condition and expired in a few minutes. They were both close to seventy years.

WITHHOLDING FAVORED.

Secretary Taft Recommends Retaining
Forty-Five Thousand Acres.

Fort Sill, Okla., Nov. 16.—News was received here that Secretary of War Taft has recommended to the secretary of the interior that 45,000 acres of pasture lands belonging to the Kiowa, Comanche and Apache Indians in southwest Oklahoma, be withheld from sale under the act of congress of June 6, 1906, in order that owners of this number of acres adjoining the military reservation may be given pasture lands in lieu of the one used at present. Secretary Taft would add this 45,000 acres to Fort Sill reservation in preparation for enlarging the post.

Four Fatalities.

Fort Smith, Nov. 16.—By the explosion of a cotton gin boiler at Clarksville four men were killed and twenty hurt, several fatally.

IMPORTANT BUSINESS.

Daughters of the Confederacy Adopt Number of Resolutions.

Gulfport, Miss., Nov. 16.—The United Daughters of the Confederacy adopted several important resolutions. The per capita tax was raised to \$1.

Resolutions were adopted thanking President Roosevelt for the part he played in the passage of the act providing for the marking of the graves of the Confederates who died in the northern prisons.

Other resolutions commend the institution of chapters of the order in the north.

The project of establishing a home for indigent members of the United Daughters of the Confederacy was favorably discussed.

Consideration was begun of the proposed monument to be erected to Confederate women.

CONVENTION BEGINS.

More Than One Thousand Delegates Present at the First Session.

St. Louis, Nov. 16.—The first convention of the Lakes to Gulf and Deep Waterways association, attended by delegates from twenty-two states bordering the Mississippi river and its tributaries, convened here Thursday. There are 1,700 accredited delegates and more than 1,000 were present at the first session, which was called to order by Congressman Borimer of Chicago, temporary president of the association. The governors of eleven states signified their intention of attending. Governors Davis of Arkansas and Blanchard of Louisiana were present at the opening session.

Robbed of Much Cash.

San Antonio, Nov. 16.—While going from his hotel to the Sunset depot with a friend, Charles E. Bolzer of Monclova, Mexico, was relieved of \$2,330. He had the money in greenbacks in his inside coat pocket.

Negroes Protest.

Fort Worth, Nov. 16.—About 100 leading negroes held a meeting here. They will ask the mayor to prevent the presentation of "The Clansman," billed for this city Monday and Tuesday next.

Eight Killed.

Douglas, Ariz., Nov. 16.—By a premature explosion at a quarry nine miles west two Americans and six Mexicans were killed.

All Republican.

Zapata, Tex., Nov. 16.—There were 293 Republican votes cast in Zapata county. Not a Democratic vote was polled.

Hundred Bales Consumed.

Fort Worth, Nov. 16.—About 100 bales of cotton on three cars back of the corapress were destroyed by fire.

MARRIES MISS IDE.

Hon. Bourke Cockran Weds Daughter of Prominent Man.

New York, Nov. 16.—Hon. Bourke Cockran, member of congress from this city, and Miss Annie Ide, daughter of Henry Clay Ide, former governor general of the Philippine Islands, were united in marriage Thursday in Hotel

Mrs. Bourke Cockran.

St. Regis, Rev. Father McKinnon, rector of St. Ignatius church, officiating. The couple will make an extended trip abroad, including a voyage along the Nile river.

NOT A SURPRISE.

Action of Senator and Mrs. Platt Had Been Looked For.

New York, Nov. 16.—The announcement that Senator Platt and wife had agreed to separate and had signed papers to that effect was no surprise to the public, which was prepared for such denouement by numerous publications recently that differences existed between the pair. In signing the separation papers Senator and Mrs. Platt did not meet. Mrs. Platt went to the office of her lawyers at 11 Broadway and Senator Platt went to the office of former Justice Hatch at 32 Nassau street, so it is said. Negotiations were conducted between the two offices. Mrs. Platt, it is said, first signed the papers and agreement. At Hatch's office they were signed by the senator. That there has been a settlement made by the senator is the opinion among his friends, but what it is seems not to be known. It was assumed that it included the property at Highland Mills, where Mrs. Platt is making her home.

MONUMENT DEDICATED.

Iowa's Tribute to Her Dead Unveiled With Appropriate Ceremonies.

Vicksburg, Miss., Nov. 16.—The dedication of the Iowa monument in the Vicksburg national military park passed off without one incident to mar the events of the day. The weather was perfect, and those who attended the dedication ceremonies were quite comfortable without overcoats. The best of feeling was displayed, and the veterans of Mississippi and Iowa mingled together and exchanged reminiscences.

Although there were no troops in line, the parade was a long and imposing one. At the Iowa state memorial speeches were delivered by Gov. Vardaman, Colonel Charles A. Clarke, Captain J. F. Merry and General Granville M. Dodge and Governor Cummins.

PEONAGE CHARGED.

Said to Have Kept Several Negroes in Bondage Eight Years.

Birmingham, Nov. 16.—A special to the News from Jackson, Miss., says Green Womack, a Simpson county farmer, has been indicted by the Federal grand jury on a charge of peonage. It is alleged he has held several negroes in slavery for the past eight years, continually subjecting them to cruelty.

"WHISKY AND CONSUMPTION."

Fellow Flag and Bible, Says Dr. F. E. Daniel of Austin.

New York, Nov. 15.—"Whisky and consumption follow the flag and Bible in the march of civilization," said Dr. F. E. Daniel of Austin, Tex., in his annual presidential address in opening the American International Congress on Tuberculosis, which began here Wednesday. The congress meets this year in joint conference with the Medico-Legal society of New York.

Dr. Daniel, in opening his address, declared that the keynote of the convention is to be the prevention of tuberculosis by legislation. He called attention to the success the government has had in eradicating yellow fever, and asked why some attention should not be given to the disease which causes one-seventh of the deaths in America.

"Churches," said Dr. Daniel, "are veritable 'black holes of Calcutta' among the liveliest disease breeders. I attended a church here, and, according to my calculations, the air was breathed and re-breathed by each of the 500 members of the congregation every twelve minutes, or twelve times in the course of the service."

Dr. Matthew M. Smith, secretary of the congress, and Dr. Tabor, state health officer of Texas, spoke of the conditions in Texas, which, they say, has become a land of health-seekers, from whom the native inhabitants contract tuberculosis. Dr. Smith, having lost two brothers from the disease, took an active part in the battle against it.

FATAL HOLDUP.

Thought a Joke, but It Cost One Automobileist His Life.

New York, Nov. 15.—A holdup by six men in an automobile in Central park, west, early Thursday cost one automobileist his life. He was run down by a big touring car when the holdup men were making a dash for liberty and so severely hurt he died soon afterward without regaining consciousness. The dead man is Wingo Brandt, a chauffeur. The police believe the holdup was intended mostly as a prank by half a dozen chauffeurs who were returning from a ball in Harlem.

BROKE OUT AGAIN.

Greenville Has a Fire That Causes Considerable Destruction.

Greenville, Tex., Nov. 15.—Fire broke out in Cheney's paint store at 10:30 o'clock Wednesday night, but was extinguished. At 3 o'clock Thursday morning it started again. Cheney's stock and the jewelry goods of Hutchinson, in the same building, were destroyed. Total loss on goods and building is over \$12,000; partially insured. Southwestern Telephone company had four cables burned.

TEN PER CENT RAISE.

American Express Company Increases Compensation of Thousands.

New York, Nov. 15.—The wages of employees of the American Express company who are paid less than \$200 per month have been increased 10 per cent, beginning Thursday. The increase was authorized by a vote of the board of directors Wednesday. The increase, the officers say, affects 8,000 to 12,000 men throughout the country. The cost to the company is about \$600,000 to \$700,000 per month to pay the increase.

Harris Slain.

Atlanta, Nov. 15.—Will Harris, the negro who killed four men at Asheville, N. C., was killed by a posse Thursday. Two of the posse were badly hurt, says a Journal special.

DEATH OF MRS. S. A. FRANKS.

Was a Pioneer Texan and a Noble Christian Lady.

Mrs. S. A. Franks, an aunt of Mr. E. S. Wickes, died at 7 o'clock yesterday morning at the home of Mr. and Mrs. Wickes in this city, after a brief illness. Mrs. Franks was enjoying her usual health until Monday last, when she was taken with a chill. Owing doubtless to her advanced age she never rallied from the attack and passed peacefully away at the hour above named.

Mrs. Franks was 83 years old and a native of North Carolina. She came to Texas with her husband many years ago and they were among the earliest settlers of Waco. Her husband died in 1868, and she leaves no children. She leaves one sister, Mrs. Chas. Stewart of Houston. She was a sister of Mr. Wickes' mother, who died when he was a child, and he was raised by Mrs. Franks, whom he loved and cherished as a mother. Her home having been his home, his was also hers, and she was beloved by the family in the fullest measure. Her death has brought unspeakable sorrow to the devoted family circle which is shared by loved ones and friends wherever the good and venerable lady was known. Mrs. Franks was a member of the Baptist church and a devoted christian whose long life was marked by kind words and good deeds.

The remains were taken to Houston yesterday afternoon for interment and accompanied by members of the family.

OUT OF SORTS.

People Not Really Sick Are Often Most In Need of Care.

The people who actually are most in need of kind words and medical treatment are not those who are really sick, but just "out of sorts."

The old-time energy, force, strength and happy spirits are lacking; the physical and mental powers are flagging; there is poor appetite, and they cannot get the good out of the food they eat. In nine cases out of ten, this results directly from a weakened stomach, and no other treatment equals Mi-o-na to restore strength and health.

When the nerves and muscles are weak, if there is sleeplessness, irritability; and specks before the eyes, when the head aches and there is a dull pain in the back, and there is any distress and heaviness in the stomach, dizziness, and sometimes nausea, the use of Mi-o-na stomach tablets for a few days will make a world of improvement, and continued use for a reasonable time will restore perfect health.

These tablets are not mere digestives; they absolutely strengthen all the organs of digestion, so that there is good appetite, perfect digestion and strong nerves, when they are used.

A large box of Mi-o-na stomach tablets is sold for 50 cents by E. J. Jenkins with an absolute guarantee that they will be successful in curing digestion and restoring health, or the money will be refunded. Ask him to show you the liberal guarantee he gives with every 50-cent box of Mi-o-na.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter

BY CARNER & WALLACE.

BRYAN, TEXAS, NOV. 17, 1906.

It was a dog fall in the cases between the railroads and the state of Texas, including the constitutionality of the Love tax bill. The court holds that the gross receipt tax is constitutional, but denies the legality of the penalty attached on various grounds. That means the railroads must pay the tax in the future, but the state can not recover the \$200 a day penalty. Honors are about even and the parties of the first and second part can call it a draw.—San Antonio Light.

Announcement is made from Mexia that the H. & T. C. cutoff will be completed and opened to trains within a short time.

SCIENTISTS GONE TO MEETINGS.

One Party for Baton Rouge and Prof. Bennett for Jacksonville.

College Station, Tex., Nov. 15.—A group of Agricultural and Mechanical College men have gone to Baton Rouge, La., to attend the annual meeting of the American Association of Agricultural Colleges and Experiment Stations. The party was composed of President H. H. Harrington, Prof. J. W. Carson, acting director of the Texas experiment stations, and Prof. A. F. Conradi, State Entomologist. This party left yesterday afternoon by way of Houston and New Orleans, and Prof. E. J. Kyle of the Department of Horticulture, left this afternoon to join them.

The meeting promises to be a great gathering of scientists and investigators. The members of the college here counted it a great opportunity to attend a meeting of the association with a small outlay of time and money, as most of the meetings are held in other sections of the country.

Prof. R. L. Bennett will leave Saturday to attend another important gathering—a meeting of the Agricultural Commissioners of the Southern States at Jacksonville, Fla. Texas has no Agricultural Commission, so Prof. Bennett has been asked to be present and deliver an address on cotton breeding. Prof. Bennett is joint cotton expert of the United States Department of Agriculture and the State Experiment Station, and his work on cotton breeding here during the last two or three years has attracted very general attention over the country. It is an astonishing fact that although cotton is the South's great staple crop, no systematic work had ever been done to improve the seed by selection or breeding. Prof. Bennett has begun the work and is developing a variety of cotton that matures early, fruits rapidly, has big bolls and long lint, and sheds its foliage in August, thus giving opportunity for the sun to open the bolls, as well as starving out the weevils before frost.

GREAT VAN AMBURG SHOWS.

Waterproof Tents—Rain Will Not Spoil the Exhibition.

An advance notice says:

A sudden downpour of rain or a long continued drizzle will have no effect on the patrons of the great Van Amburg Shows when it exhibits here. The reason of this will be apparent to everyone who sees the huge tents that will be erected here for the performance. They are all constructed of "mercerized" ducking. This marvelous invention for the waterproofing of material has been in use for rain coats, but up to this year has never been used for tents. People who have used "mercerized" cloth know how it sheds water, and it was the knowledge of this that caused the Van Amburg Shows to have all their tents made out of this material. It is quite a stride in advance of other shows, but it is only in keeping with the progressive management of these shows. Beneath these tents spectators can sit in comfort and ease during the heaviest of rains and be as dry as if in the finest theater in the country. This is only one of the many novelties that have been added to these shows this season. It is respectfully suggested that the children attend the afternoon exhibition, where ample time is given to view the large menagerie, likewise avoiding the night crowds. Uniformed ushers will attend every want of the little folks, and the care and attention paid to ladies and children is the first consideration of the management.

The last big circus that will visit here this year is the great Van Amburg Shows, and the date is Wednesday November 21.

There is one thing to a certainty, the divorce laws of the state of Texas will have to be changed. It is too easy for a boy and a girl to get married and then allow some alleged grievance to be set up and allow them to have a divorce. If there was a law compelling a man to remain unmarried for a period of four years, and a woman a period of two years, after being divorced there would not be so many divorces applied for.—Nacodoches Sentinel.

The El Paso Times emphasizes the statement that "the right to vote involves an obligation to vote," and correctly surmises that a mighty howl would go up from those citizens who refuse to vote if the privilege was denied them.

THE NEW VISIBLE

At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivotal bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantage of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are so expensive to the purchaser.

Here is a Short Description.

THE TYPE HANGER—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

TWO COLOR RIBBON—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

THE INTERCHANGEABLE CARRIAGE—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

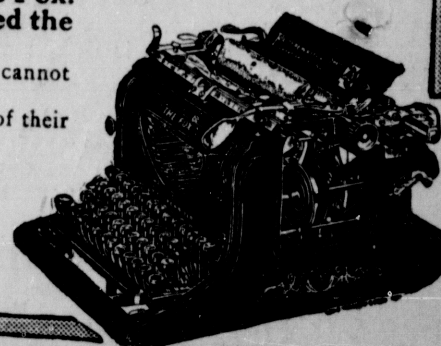

PERFECT VISIBLE WRITING—The entire line is visible all the time.

THE KEY TENSION—The force required on the part of the operator to print a letter is only 2½ ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

THE LINE LOCK—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

ALUMINUM KEY LEVERS—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

TABULATOR—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

KILLING OF W. A. MILLICAN.

H. H. South, Sergeant of the Terrell Farm, Surrendered, Waived Examination and Gave \$5000 Bond.

At a farm in the lower end of Brazos county at an early hour Thursday night, W. A. Millican of Millican, was shot and killed. News of the tragedy was telephoned to Sheriff Nall Thursday night, and he left shortly afterwards for Millican, but the information was known to only a few here until yesterday morning.

Sergeant H. H. South of Terrell Bros., farm came to Bryan and surrendered to the authorities, waived examination and gave bond in the sum of \$5000.00, with E. H. Terrell of Navasota, H. G. Rhodes, E. J. Fountain and John M. Lawrence as sureties. Mr. South claims self defense. Doremus & Butler are his attorneys.

Mr. Millican was employed as a picket guard at the camp of the Terrell farm. He was about 45 years old and was born and reared at Millican. He leaves one brother, Rev. L. R. Millican, of Allamore, Texas. Mr. Millican was widely known throughout the county and was formerly in the service of the state as a ranger. His remains were laid to rest at Millican yesterday afternoon under the auspices of the Woodmen of the World, of which order he was a member. Several were in attendance from Bryan.

Mr. South was also born and reared in Brazos county and is well known. He has been in the State service as a sergeant for a number of years.

Sheriff Nall, County Attorney Bethea, Constable Baker and J. E. Butler visited the scene of the killing yesterday morning. We learn an inquest was held by Justice Thompson of the Millican precinct.

COLUMBIA OPERA COMPANY

Made Decided Hit at the Opera House
Last Night—Matinee at 2:30 p. m

The Columbia Opera Company presented "Said Pasha" at the opera house last night, and amusement lovers who were not there have just cause for a grudge against themselves. The performance was sparkling, musical and mirthful from beginning to end. Miss Charlotte Gilman, prima donna, Mr. Holmes, tenor, Mr. Allbright, baritone, and some of the other members of the company have excellent voices, and the choruses were full and strong and showed excellent training. There were two comedians to keep the fun going, and specialty features were numerous.

The show made good in every particular, and what the small audience lacked in numbers was made up in the applause and frequent recalls. The two remaining performances should draw full houses.

For matinee at 2:30 this afternoon the company will present "Olivette," and tonight will conclude the engagement with "Erminie."

ANOTHER BUSY DAY.

Office-Seekers Keep Incoming Executive Completely Occupied.

Austin, Nov. 16.—Governor-elect Campbell had another busy day Friday. Office-seekers kept his time completely occupied. Although the guest at the mansion of Governor Lanham, he was compelled Thursday night to go to the Driskill hotel and meet applicants. Friday morning Colonel Campbell saw those desiring office in the governor's private office.

A delegation presented the claim of Colonel J. O. Newton, who seeks to be adjutant general. Captain T. A. Blair of Waco presented the claims of City Marshal Dollins of Waco, who wants to be superintendent of the Gatesville reformatory. Senator Marshall Hicks saw the governor-elect in behalf of Mr. Cates of Refugio county, who is after the office of fish and oyster commissioner.

The next governor's diplomacy attracts all alike. Colonel Campbell said he would announce his appointments early in December and would be free to take a hunt in Brazoria county.

The railroad commission gave notice to the International and Great Northern, Katy, Galveston, Houston and Harrisburg and San Antonio and Aransas Pass railways that it will on Nov. 27 consider a petition filed by stockmen and livestock shippers of San Antonio, wherein complaint is made against the facilities furnished by the above roads at San Antonio for convenient loading and unloading of livestock shipments. It is alleged the only facilities furnished are owned by a distinct corporation from the railway companies. The commission will consider the promulgation of an order to require roads to provide pens and other facilities for transportation of cattle.

General attorneys of all Texas railways were here Friday preparing a motion for rehearing in the Love gross receipts tax law; also a writ of error to the United States supreme court in case the motion is overruled.

Adjutant General Hulen has returned from Rio Grande City. He reports everything quiet when he left.

The board of engineers of the Federal government notified the governor that it will hold a meeting at Galveston Nov. 21 to consider an inland waterway from the Rio Grande river to the Mississippi river at Donaldsonville, La. The board also will hold a meeting at Victoria Nov. 22 to consider the proposed channel from Aransas Pass to Victoria and Cuero, on the Guadalupe river. It meets at Corpus Christi Nov. 24 to consider improving the Aransas pass; also inland waterway from Corpus Christi through Turtle Cove to Aransas Pass. The board wants all the facts to enlighten the government on improvements.

UPHOLD PRESIDENT.

Senators Culberson and Bailey Say His Action Was Proper.

Dallas, Nov. 16.—It is not improbable that Senators Bailey and Culberson may at an early date be called upon to defend the action of the president in dismissing from the service the negro troops of the Twenty-fifth infantry for the riotous conduct of some of their number at Brownville, says a Washington special to The Times Herald. Neither of them are giving the least encouragement to the talk of negro ministers here regarding the president's action. In fact, both senators say the president was undoubtedly right in what he did, provided he did not exceed his authority.

Mr. Bailey said: "I presume that the president was guided by the advice of his legal counsellors, and I want to say that if he has authority for his course he has acted wisely in dismissing the troops." The senator intends to look into the question thoroughly at the first opportunity, and if the matter gets before congress it is possible that the president may be as strongly defended by Senator Bailey as he was assailed by him during the consideration of the rate bill at the last session of congress. On the subject of the suit filed by the government against the Standard Oil company Mr. Bailey said: "I have not seen the allegations in the government's position, but, generally speaking, I should say that the decision in the Northern Securities case ought to enable the government to reach the Standard Oil company. Its affiliations and operations are clearly interstate."

Senator Bailey left for Crystal Springs, Miss., where his mother is seriously ill.

SOMETHING SENSATIONAL.

Assistant Attorney General Lightfoot Thinks This Is Likely.

St. Louis, Nov. 16.—Assistant Attorney General Lightfoot of Texas, who is taking depositions here in a suit to oust the Waters-Pierce Oil company from his state, says that the final proceedings will be brought against some of the oil magnates in case the state of Texas is successful in the present prosecution.

"We may start something sensational," said Mr. Lightfoot. "We are charging that when the Waters-Pierce Oil company was ousted from the state of Texas the reorganization was made by the same people who operated the old concern. It has already been shown in the other hearings that the Waters-Pierce Oil company is a part of the Standard Oil company combination."

Mr. Lightfoot secured six depositions Thursday. While newspaper men are barred from the hearing, it is understood important testimony for Texas was procured.

C. M. Adams, secretary of the Waters-Pierce Oil company, testified that that company purchased all its oils from the Standard Oil company.

Charles B. Colline, former private secretary to H. Clay Pierce, continued to receive at his New York office checks for the entire dividends of the Waters-Pierce Oil company, that he (Collins) deposited three checks to Mr. Pierce's credit in the Seaboard National bank, and that upon each occasion he would draw a check for practically two-thirds of the amount on such dividends in favor of H. M. Tilford at the office of the Standard Oil company. Upon one occasion he delivered the check to Mr. Tilford in person, he said.

S. J. Cohn, formerly representative of the Waters-Pierce Oil company at Marshall, Tex., and at St. Louis, testified to the same effect, and further, that prices of oil were reduced in localities by the Waters-Pierce Oil company to drive out competitors, and that merchants were threatened if they manifested a purpose to purchase oil from other companies than the Waters-Pierce company.

It is also learned that testimony was taken to the effect that the Waters-Pierce company took all the product of the Security Oil company's refinery and also of the Corsicana refinery, and that these companies made no sales to the retail trade.

Charles Hatfield, former manager of the sale department of the Waters-Pierce Oil company, testified that after the reorganization of the Waters-Pierce Oil company, the business was conducted just as it was before, with the same set of officers and employees, except as to the president and one director. He further testified that when he was private secretary to Col. W. P. Thompson, at No. 20 Broadway, New York, a map was made in the office showing the division of territory as between the Waters-Pierce and the Standard Oil companies; that one copy of the map was retained in that office, and afterwards, when he came to St. Louis to work for the Waters-Pierce company, he saw the other copy of the map in the office of that company. H. R. Van Harten, city manager of the Waters-Pierce Oil company, testified that he was formerly located at Houston, Tex., and that the Waters-Pierce company, in selling oil, did not meet any Standard Oil competition.

DR. THRUSTON DIES.

Prominent Pioneer Physician of Dallas Departs This Life.

Dallas, Nov. 16.—At his residence in this city, after a brief illness, Dr. S. D. Thruston, for thirty-three years a citizen of Dallas, departed this life. Dr. Thruston was a native of North Carolina and a surgeon in the Confederate army. As an authority on fevers peculiar to the south, particularly yellow and typhoid fever, he had few equals. During his long residence here he has ever stood among the foremost practitioners.

KILLS WIFE AND SELF.

Charles Allen Shoots Spouse in Head and Soon Suicides.

Jacksboro, Tex., Nov. 16.—Thirteen miles southeast, Charles Allen rode up to his home and fired two bullets into his wife's head, killing her. He then rode a short distance and took his own life. The couple had been separated some time.

BOY FALLS ON MAN.

Tumbles Off Roof Five Stories High and Escapes Death.

New York, Nov. 16.—James Moran, eleven years old, pitched headlong from the roof of a five-story building. His screams startled Julius Seligman, who, glancing up as the boy struck upon his shoulders, was knocked from his feet. He clutched young Moran about the waist, so that only the child's feet and legs struck the ground.

Although bruised, Seligman was not hurt and called an ambulance. Young Moran was taken to a hospital. He was found to be apparently uninjured, although one of his legs may be fractured.
